DETAILED ACTION

1. Claims 1-27 are pending. Applicant cancelled claims 28-54.

Claim Rejections - 35 USC § 103

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. Claims 1-27 are rejected under 35 U.S.C. 103(a) as being unpatentable over Cupps et al, US 5,991,739 in view of Zervides et al, US 6,052,674.

Cupps discloses on-line ordering between members 102 and service providers 108 via on-line ordering machine 106.

Zervides discloses electronic commerce and accounting services to organization and service providers 102, consolidated billing information electronically stored at an intermediary 100 over a time period and members 104.

Art Unit: 3627

To have provided an intermediary to consolidated bill the purchases between member and service providers of Cupps would have been obvious to one of ordinary skill in the art in view of Zervides. Doing such would provide a known billing system used with on-line purchases for ease of accounting purposes.

5. Thomas discloses a third party billing system. See attached PTO-892.
6. Applicant's Information Disclosure Statement (IDS) has been reviewed. Note attached IDS form PTO-1449.
